CENTAUR LINIMENTS.

White, for the Human Family. Yellow, for Horses and Animals.

These Liniments are simply the wonder of the world. Their effects are little less than marvelous, yet there are some things which they will not do. They will not cure cancer or mend broken bones, but they will always allay pain. They have straightened fingers, cured chronic rheumatism of many years standing, and taken the pain from terrible burns and scalds, which has never been done by any other article.

The White Liniment is for the human family. It will drive Rheumatism, Sciatica and Neuralgia from the system; cures Lumbago, Chilblains, Palsy, Itch, and most Cutaneous Eruptions; it extracts frost from frozen hands and feet, and the poison of bites and stings of venomous reptiles; it subdues swellings, and alleviates pain of every kind.

For sprains or bruises it is the most potent remedy ever discovered. The Centaur Liniment is used with great efficacy for Sore Throat, Toothache, Caked Breasts, Earache, and Weak Back. The following is but a sample of numerous testimonials:

"INDIANA HOME, Jeff. Co., Ind., May 28, 1873.

"I think it my duty to inform you that I have suffered much with swollen feet and chords. I have not been free from these swellings in eight years. Now I am perfectly well, thanks to the Centaur Liniment. The Liniment ought to be applied warm. BENJAMIN BROWN."

The proof is in the trial. It is reliable, it is handy, it is cheap, and every family should have it. To the sick and bed-ridden, the halt and lame, to the wounded and sore, we say, "COME AND BE HEALED."

To the poor and distressed who have spent their money for worthless medicines, a bottle of CENTAUR LINIMENT will be given without charge.

The Yellow Centaur Liniment

is adapted to the tough muscles, cords and flesh of horses and animals. It has performed more wonderful cures of Spavin, Strain, Wind-galls, Scratches, Sweeny, and general Lameness, than all other remedies in existence. Read what the great Expressmen say of it:

"NEW YORK, January, 1874.

"Every owner of horses should give the CENTAUR LINIMENT a trial. We consider it the best article ever used in our stables.

H. MARSH, Supt. Adams Ex. Stables, N. Y.

E. PULTZ, Supt. U. S. Ex. Stables, N. Y.

ALBERT S. OLIN, Supt. Nat. Ex. Stables, N. Y."

"MONTGOMERY, ALA., Aug. 17, 1874.

"GENTLEMEN,—I have used over one gross of CENTAUR LINIMENT, yellow wrapper, on the mules of my plantation, besides dozens of the family liniment for my negroes. I want to purchase it at the wholesale price, and will thank you to ship me by Savannah steamer one gross of each kind. Messrs. A. T. Stewart & Co. will pay your bill on presentation. Respectfully, JAMES DARROW."

The best patrons of this Liniment are Farriers and Veterinary Surgeons. It heals Galls, Wounds and Poll-evil, removes Swellings, and is worth MILLIONS OF DOLLARS to Farmers, Livery-men, Stock-growers, Sheep-raisers, and those having horses or cattle.

What a Farrier cannot do for $20 the Centaur Liniment will do at a trifling cost.

These Liniments are warranted by the proprietors, and a bottle will be given to any Farrier or Physician who desires to test them. Sold everywhere.

OUR CANDIDATE.

FOR PRESIDENT OF THE UNITED STATES

HON. JAMES G. BLAINE.

Subject to the decision of the Republican National Convention.

Republican National Convention, 1876

The next National Republican National Convention for the nomination of candidates for President and Vice President of the United States will be held in the CITY OF CINCINNATI, on WEDNESDAY, THE FOURTEENTH DAY OF JUNE [illegible], at 12 o'clock noon, and will consist of delegates from each State equal to twice the number of its Senators and Representatives in Congress, and of two delegates from each organized Territory and the District of Columbia. [illegible]

E. D. MORGAN, Chairman.
WM. E. CHANDLER, Secretary.
Republican National Committee.
Washington, Jan. 23, 1876.

ANYTHING TO BEAT BLAINE TACTICS

It has long been evident that the Democrats fear the nomination of Mr Blaine more than that of any other possible candidate, and this fear has been strikingly illustrated by the eagerness with which [illegible] organs have caught up on any pretext to assail him. The sensational charge [illegible] by a Democratic paper in Indianapolis was gleefully and conspicuously [illegible] by the papers of that party [illegible] [illegible] generally took it into [illegible] the [illegible] of that notoriously dishonest sheet the Portland Argus [illegible] great part supposed. Mr Blaine is a special target for Democratic [illegible], but his prompt and effectual manner of stamping out slanders renders the efforts of his enemies futile and leaves him stronger than ever with the people. His letter to a friend in Michigan written [illegible] weeks ago, which we printed in our telegraph columns, shows that the attack was probably planned in Washington and that [illegible] too eager themselves prematurely [illegible]. [illegible] Mr Blaine was able to meet it instantly [illegible]. The purpose of the [illegible] the person assailed [illegible] the record [illegible]. In the last attempt to injure Mr Blaine the slanderers have been promptly and completely discomfited and [illegible] against any future resort to similar disgraceful warfare.

SENATOR HAMLIN'S SPEECH

We shall publish to-morrow the full text of Senator Hamlin's very able and instructive [illegible] postal affairs and we can assure our readers that it will amply repay a careful perusal. The postal service is one [illegible] with which the people are more generally and intimately connected than with any other department of the National Government [illegible] clear knowledge of its workings [illegible] any just judgment as to measures proposed for its regulation. The subject has been treated with discreditable flippancy by the newspapers generally, and the public mind has been diverted from the merits by the small witticisms and [illegible] of paragraphists [illegible] by the special pleading of parties interested in using the mails at the expense of the people. Senator Hamlin's speech presents the facts in the simple and cogent manner which is one of his characteristics and those who read it will at once perceive the difference between the shallow sarcasms of those who know nothing of the subject and the statesmanlike arguments of a Senator who has given time and thought to the condition and needs of the postal service.

In the Senate on Tuesday Senator Dawes [illegible] Morrill of this State warmly advocated the bill as unanimously reported by the Committee, and fully indorsed Mr Hamlin's view that the general public should not be subjected to a tax for transporting merchandise through the mails at a heavy loss.

SOUTH CAROLINA. There was a disgraceful wrangle in the South Carolina Republican Convention at Columbia on Tuesday. There were two factions, one led by Gov. Chamberlain and Judge Mackay, and the other by Senator Patterson, ex-Congressman Elliott and others. Each of the two parties desired to control the Convention, as that would carry with it not only the selection of delegates to the National Convention, but also, probably, the control of the State nominating convention to be held hereafter. In a discussion over contesting delegations Elliott drew a pistol on Mackey and in the melee desks were overturned and a chair brandished at Gov Chamberlain, but no blows were given. The chairman ruled out the Chamberlain contestants, and State Senator Smalls, colored, was elected temporary chairman by 60 votes to 40 for Gov Chamberlain. The anti-Chamberlain men took control of the Convention and it is reported will send Morton delegates to Cincinnati. Despatches also intimate that the Chamberlain men will call another Convention.

Our readers will remember those startling despatches declaring that Belknap had stolen millions from the soldiers' graves by frauds in head-stone contracts, and they may be surprised to learn now from the Boston Post that [illegible]

The House Military Committee have about concluded that it would be a waste of time to go further into the headstone business. The investigation has not developed any rascality.

The Albany *Journal* figures up a gain of 210 Republican Supervisors in New York as compared with the Democratic strength last year.

DON'T WANT TO INVESTIGATE DEMOCRATS

[From the New York Times.]

There is some mystery in the present refusal of Mr Glover's committee to examine ex-Congressman Eldridge of Wisconsin. This committee was ordered to investigate the Washington real estate pool's affairs. Kilbourn, one of the managers of the concern, refused to divulge the names of the partners, and was sent to jail, in which institution he brought additional ridicule on the committee in consequence of his extravagant dinners and breakfasts. Meantime, Hon. Charles A. Eldridge, who, as a Democratic member of Congress, was a member of Kilbourn's copartnership and thought it no harm to be so connected, came out with a card in which he admitted his connection with the concern and, in the language of the day, "courted investigation." He has courted investigation from that time until now. He is represented as wildly knocking at the door of Mr Glover's committee room, seeking opportunity to cleanse his stuffed bosom and finding none. The committee are so busy with Kilbourn's restaurant bills that they cannot hear Eldridge. Do they want to know who the members of the real estate pool were? Eldridge says he will tell. But the committee only murmur something about [illegible] and terrapin, chops and [illegible] and will not hear [illegible].

It is possible that Mr Eldridge's politics may have something to do with this strange reluctance to hear his story. The Clymer committee caught a Democrat [illegible] and the [illegible] yet hesitated to present the [illegible] which was told by George H. Pendleton was so much worse than anything told of him that [illegible] the Democratic members of the committee have resolved that they will not be [illegible] as Mr Randall would say, into calling any more ex-Congressmen of their own faith. Mr Eldridge is very confident that his share of the transaction in which he and Kilbourn were engaged was perfectly honest. But [illegible] not allowed to give it [illegible] [illegible] is a House [illegible] which [illegible] anything but Democrats.

THE LAST PIECE OF DEMOCRATIC ECONOMY

[From the Boston Journal.]

The annual steal, as a Democratic correspondent calls it, the River and Harbor bill, was floated through the House of Representatives on Monday by the [illegible] vote of 175 to [illegible]. It appropriates $5,875,850 [illegible] it had been so well [illegible] by considerate [illegible] so many districts—here a sop and there a sop—that it went through with such rapidity that [illegible] with the greatest difficulty [illegible] few members could even get the yeas and nays ordered. The same House has been at work for weeks cutting down the salaries of needy clerks [illegible] and paring, in order to dispense with a consul in some foreign port or to cut the rank of an [illegible] [illegible] on the frontier, and yet in one brief afternoon it suspends the rules to vote nearly six millions of dollars out of the Treasury and makes no bones of it. Even Congressman Rand [illegible] [illegible] was [illegible] [illegible] knowledge that the bill might have been cut down $3,000,000 and yet answered all the needs of the country. We have seen Democratic economy on a small scale; here it is on a large scale.

It should be remembered that this is a River and Harbor bill supposed to be for the benefit of the commercial interests of the country. And yet when we seek for the great commercial States as indicated by the provisions of the bill we must go to the Alleghanies and to the [illegible] of the West. Massachusetts [illegible] long line of [illegible] [illegible] [illegible] [illegible] importance to that of any other State; the [illegible] appropriation of $145,000, while West Virginia takes $105,000, the State of Tennessee $445,000, and even Texas receives $432,000. If the country should be exposed to the assaults of a foreign enemy he would try every harbor of Massachusetts and the whole Atlantic coast before he would [illegible] of marching in search of West Virginia. We know how this measure has been carried—by a coalition of Western and Southern members of Congress who have sometimes a great deal to say about the public money voted to the [illegible] under Republican rule. This [illegible] is the better example [illegible] Democratic auspices. In this [illegible] of general stagnation a Reform House of Representatives, which makes great pretentions to economy and the reduction of taxation and cripples the public service by haggling over details, has no hesitation in voting nearly six millions of the public money where one of its own leaders declares that one half of the sum would answer every purpose. Give these men the control of the Senate and of the Executive, as well as of the House, and what limit would there be to their profligacy and wastefulness? The question is already before the people and the answer will be put in a very effective and [illegible] form.

[From the New York [illegible].]

The truth is that no such stupendous job has ever been foisted on the House. Besides the large items of the character mentioned there seems to be hardly a creek or mountain brook in the whole South that has not had appropriated for it from three to fifteen thousand dollars. The Senate is a very unsafe body usually to trust with a river and harbor bill, but this year it may probably be depended on to reduce very largely the bill which has passed the House. Not a dollar in excess of $2,000,000, or $2,500,000, can be shown to be needed for all the necessary improvements catalogued in this remarkable bill.

POLITICAL AND PERSONAL.

About this time the New York *World* rains abuse upon Senator Boutwell. He must be discredited so far as possible before he goes to investigate Democratic misdoings in Mississippi.

A list of sixty nine Democratic newspapers in Indiana names fifty-eight that are opposed to the indorsement of Mr Landers for Governor by the Democratic State Convention.

Mr. Blaine went home to Maine last week, and Mr. Bristow to Kentucky this, and the papers which asserted that Mr. Blaine went home to attend to his political interests, are sure Mr. Bristow only goes for rest!—*Lewiston Journal.*

The Blaine movement in Buffalo shows another sign of progress. The *Express*, a newspaper which has been favoring Senator Conkling with more vehemence than wisdom, has changed hands and will henceforth advocate Mr. Blaine for the Cincinnati nomination.

It was very wicked for Belknap to resign when he did and for the President to accept his resignation, but it is claimed that the first suggestion of such a course was made by Mr. Clymer and Judge Blair, General Belknap's counsel. What, then, shall we call the conduct of Clymer?—*Boston Globe.*

To-day the two most prominent candidates before the people for the Republican nomination are Messrs. Blaine and Bristow, and in New Hampshire, while there seems to be a predominant feeling favoring the former, it is safe to say that the second choice of the friends of Mr Blaine is Mr Bristow, and the second choice of the Bristow men is Mr Blaine.—*N H Sentinel.*

It is plain enough to see that Whitely's testimony of itself is of no account whatever, unsupported by strong corroborative evidence from other parties, and if the old Roman maxim is true, "false in one thing, false in all," then the bottom facts have not certainly been reached through the shameless confession which Whitley pretended to make of his own rascality.—*Boston Herald.*

Mr Blaine has performed his whole duty in an extended public service as old as the party he leads. With him success would be alike a duty and a foregone conclusion. He has no superior as an organizer of victory and that tact and boldness with which he has wrested the leadership from the Democratic majority on the floor of the House is proof of his great power and unerring sagacity. We believe the ticket which would command the most enthusiastic support in the presidential campaign to be Blaine and Bristow, and there is nothing detrimental to the dignity or self respect of the noble Secretary of the Treasury in his acceptance of the second position which Henry Wilson not only filled but sought, after a score of years service honorable from the commencement to the close.—*N H Sentinel.*

The Parsons, Kansas, [illegible] is for Blaine. It says: [illegible] Blaine stock is increasing. He makes such a splendid leader in the House that his party friends are rallying round him with great enthusiasm. He is the best type of American manhood. He is the foremost American gentleman.

Mr Blaine is almost sure of two thirds to three fourths of the New England delegation at Cincinnati. Connecticut is the only New England State that will give a majority for any other candidate, and Blaine is certainly the second choice of that State.—*Springfield Union.*

It is in view of the passage of the River and Harbor Bill in which Whitthorne of Tennessee, chairman of the Committee, [illegible] only $10,000 for his own State while every Southern and [illegible] provided for, to the neglect of the great sea [illegible] that the Portland Argus thus exclaims:

Well done, faithful Representatives! Still go ahead. The people will stand by you. Never fear. The cries of jobbery and plunder amount to nothing; they always cry out when they are hurt.

DOMESTIC NEWS.

FORTY-FOURTH CONGRESS---First Session.

Senate.

WASHINGTON, April 12

Mr. Spencer introduced a bill to prevent panics and give elasticity to legal tender currency without impairing its value by limiting its amount, together with National bank notes and gold and silver coin in circulation, according to the population, and to issue legal tender notes equal in value to U. S. Government bonds with the consent and by the action of their owners, and to authorize the issue of legal tender notes and the retirement of the same under certain circumstances and on conditions. Referred to the Committee on Finance.

A bill was passed to provide for extra copies of public documents and for the distribution of regular official editions thereof.

Mr. Morrill of Me., presented a petition of the citizens of Portland, Me., remonstrating against the manufacture and sale by the Government of envelopes. Referred to the Committee on Post Offices and Post Roads.

The consideration of unfinished business being the bill fixing the rate of postage on third-class mail matter, it was then resumed.

The bill was discussed by Messrs. Sargent, Howe, Windom, Hamlin, Harvey and Sherman. Dawes moved to amend the 2d section as reported by the Committee so it would read: "The postage on mail matter of the third class shall be at the following rates: For all distances, 1 cent for each ounce or fractional part thereof." Agreed to.

Some other amendments were offered and rejected, and then the substitute of Harvey to restore the old rate of postage was rejected.

Further amendments were offered and rejected. The bill was then reported to the Senate, and the amendments made in Committee of the Whole were agreed to.

Mr. Harvey again offered his substitute to restore the old rate of postage, and it was rejected—yeas 23, nays 26.

Mr. Davis offered an amendment, which was rejected, and the bill was then read a third time and passed without division.

The Senate then took up the bill to repave Pennsylvania Avenue in Washington, D. C., but pending the discussion went into executive session, and at 1.30 o'clock adjourned.

House.

The silver bill came up and the Senate amendments were concurred in without debate and without division. The bill now goes to the President for his signature.

John P. Waite, who was elected to fill the unexpired term of Mr. Starkweather of Ct., appeared and took the oath of office.

The Speaker presented a communication from the Sergeant-at-Arms in reference to the habeas corpus from the Supreme Court of the District and served on him in the case of Hallett Kilbourne.

Mr. New of Ind., in view of the gravity of the question involved, offered a resolution which was adopted, referring the subject to the Judiciary Committee with instructions to report as soon as possible, not later than Saturday.

A paragraph has been inserted in the legislative appropriation bill requiring the printing of Internal Revenue stamps to be done in the Bureau of Printing.

Mr. Hoar, of Mass., offered a resolution instructing the Judiciary Committee to inquire what steps shall be taken for properly representing the interest of the United States in the suit instituted against the credit mobilier and other provisions of the act of March 3d, 1873, and also whether the Union Pacific R. R. Co. has not forfeited its charter, and whether the same should not be repealed because the Company has resisted the recovery in its behalf of its capital stock, wrongfully withdrawn by means of fictitious construction contracts and unlawful dividends. Adopted.

Mr. Harris of Va. from the committee on elections made a report in the Minnesota contested election case, that Mr. Strait the sitting member is entitled to a seat; ordered printed.

Mr. Walsh of Md. offered a resolution instructing the committee on public buildings and grounds to examine the buildings rented in Washington by the various departments of the government, and inquire into the necessity of continuing their occupation. Adopted.

Mr. Pierce of Mass. from the committee on commerce reported a substitute for the compulsory postal fee bill. Re-committed.

Mr. Cox offered a resolution instructing the Committee on Foreign Affairs to consider what action can be taken to enable the President to receive and entertain the Emperor of Brazil and President of Peru. Referred to the Committee on Foreign Affairs.

Several unimportant bills were reported by the Committee on Public Lands and passed.

The House took up the deficiency bill which was amended in various minor particulars and passed.

Mr. Morrison from the Committee on Ways and Means, reported a bill to revise and simplify the existing laws imposing duties on imports, which was made a special order for April 25th.

The House at 4 o'clock went into Committee of the Whole, Mr. Blackburn of Ky., in the chair, on the bill to transfer the Indian Bureau to the War Department, and was addressed by Cook of Ga., in support of the bill. The Committee then rose and took a recess.

THAT SILLY CANARD.

HOW MR. BLAINE STEPPED ON IT.

HIS LETTER TO A FRIEND.

"I shall never be injured by stories of this kind."

WASHINGTON, April 12, 1876

The following is a copy of a letter written by Mr. Blaine to a friend in Michigan a short time since, touching the story made public in the *Sentinel*:

HOUSE OF REPRESENTATIVES,
Washington, D. C., March 22.

My Dear Friend:—Your's received. I beg you will not be disturbed by Washington rumors respecting myself. The story of my having received money or anything else of value from the Union Pacific Railroad Co., or any of its officers or agents, is not only false but absurd. There is not the remotest foundation for it, and I can scarcely conceive that any one would be credulous enough to believe it. It has been circulating in Washington for some weeks past in an indefinite, irresponsible and intangible way. Whenever it shall assume form and shape and publicity it will receive a conclusive answer. Meanwhile I trust you will hold a peaceful mind. I shall never be injured by stories of this kind.

Sincerely yours,
J. G. BLAINE.

WASHINGTON.
Bennett's Herald and the Important Secrets of Information which can't be Revealed.

WASHINGTON, April 12th. Thomas B. Connery, of the New York Herald, testified before the Committee on Expenditures in the War Department this morning that he had been to New York and conferred with Mr. Bennett as to the propriety of answering questions propounded by the Committee last week, in regard to the cipher furnished by detective Bell, &c. Witness said that Bennett declined to give him permission to furnish the information on the ground that it would unnecessarily expose secrets of the Herald and that it was bad policy to divulge secrets of information obtained in confidence, because such a policy would defeat a good many Congressional investigations. The Committee held a short conference and finally decided not to press Connery for an answer.

Mr. Danford said the entire object of the question was to test the veracity of the witness Bell. He believed the grounds of objection frivolous, and thought the question proper, but the matter was not of sufficient importance to take up the time of the Committee and the House by insisting further upon an answer.

Messrs. Clymer and Blackburn both stated that they believed the Committee entitled to an answer, but Mr. Danford has expressed the decision of the Committee.

NEW YORK CITY
Did He See Tweed

NEW YORK, April 12. A waiter named Dacosta, formerly employed at Delmonico's, states that he met Wm. M. Tweed the first week in March on a steamboat between Genoa and Leghorn. Tweed told him he had obtained a pardon and was travelling in Italy for his health. On arriving at Leghorn, Tweed invited Dacosta to call on him at a hotel the next day. He did so, but Tweed had not been there and he ascertained that no man named Tweed had been at any of the hotels, but an "American Baron," whose description answered Tweed's, had been at another hotel and left for Naples. Dacosta makes an affidavit to the above.

NEW YORK CITY.
Funeral of A. T. Stewart.

NEW YORK, April 12. The President will not be able to attend the funeral of A. T. Stewart on account of the pressure of public business. The following gentlemen will act as pall-bearers: Gov. S. J. Tilden, ex-Gov. E. D. Morgan, Alexander H. Rice, Governor of Massachusetts, ex-Gov. Dix, Peter Cooper, Royal Phelps, Robert L. Stewart, James Lenox, Francis Cottinet, Judge Noah Davis, Chas. H. Russell, Stephen Wray, Wm. Libby, Judge Henry E. Davies and Jacob D. Vermilyea. It has been determined to have a short service at the house at 10 o'clock. The flowers ordered by Stewart's surviving partners for the house and church cost $10,000.

NEW JERSEY
The Jersey City Election—The First Republican Mayor Elected for Sixteen Years—Three Cheers for Jersey City

NEW YORK, April 12. The election yesterday in Jersey City resulted in the choice of Charles Seidler (Republican) for Mayor, not Orestes Cleveland, as stated last night. Seidler had a majority of 300 and is the first Republican elected Mayor of Jersey City in 16 years.

SOUTH CAROLINA!
Contesting Delegations Probable.

NEW YORK, April 12. A Columbia, S. C., special states that at a caucus last night, it was determined to hold their positions to-day, and believed that Chamberlain and friends will call another convention and send contesting delegates to Cincinnati. It is thought the Patterson convention will endorse Morton as their candidate for the Presidency.

AFRICA.
A Devastating Conflict Prevented by the U. S. War Vessel Alaska

WASHINGTON, April 12. Some time since the steamer Alaska, Capt. Semmes, was ordered by the Navy Department to proceed from the Mediterranean to Liberia, on the west coast of Africa, for the purpose of aiding in the suppression of the revolt of the native tribes against the Liberian Government. The Alaska arrived at Monrovia Feb. 5, and after taking on board the American Minister, and the President of Liberia, with his suite, proceeded to Cape Palmas, the seat of war. Advices received from Capt. Semmes, dated March 2, state that through his intervention and without resort to force a treaty of peace was signed by the chiefs of the various tribes at war with Liberia, on the one part and the President of the Republic and Capt. Semmes on the other. Liberia was thus saved from a devastating conflict through the instrumentality of the Navy. It is hoped in the future that our men-of-war will continue to visit that Republic and afford the protection so essential to its progress.

LETTER FROM REV. JOHN McMURRAY.

JAMES I. FELLOWS, ESQ.

Dear Sir: I have recently heard from an invalid of the great benefit derived from your Compound Syrup of Hypophosphites, and having in many other instances marked the most beneficial results from its use, I cannot but regard its discovery as a matter of devout thankfulness to a benign Providence.

I have used it considerably myself, and, at intervals during several years past, given it to some members of my family.

I have also recommended it to others, and invariably found it to be of essential benefit in those complaints for which it is especially recommended.

In bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility, in giving tone to the system, it is undoubtedly a valuable remedy. I am, dear sir, yours truly,

JOHN McMURRAY, Methodist Minister,

LEAP YEAR SOCIABLE. We understand that the wives and lady friends of the members of Post Beale, G. A. R., have arranged to give a Leap Year Sociable at Grand Army Hall this (Thursday) evening. The comrades and guests may be sure of a pleasant gathering under such auspices.

Mr. W. H. McQuown has been offered the position of leader of the Newport, R. I., Band. We regret that we shall be obliged to lose so fine a musician, as we shall, for he is offered such inducements to accept the position, that he will not remain. An Easter anthem composed by Mr. McQuown will be sung at the Unitarian church next Sunday.

MASQUERADE. The complimentary masquerade to Mr. J. G. Kimball at Music Hall last evening, was a great success. The galleries were filled with spectators and the floor was completely covered with beautifully dressed ladies, and gentlemen in a wonderful variety of costumes. The music was fine and the gay dancers kept up the merriment until a late hour.

Daniel Boone, a valuable trotting horse owned by Mr. C. G. Stearns of this city, died yesterday morning. He was a dun horse, ten years of age, and of Messenger stock. At the age of six he trotted a mile in 2.30 in public, and has been known to trot in private in 2.27. The death was very sudden, and the cause of it is unknown. He was valued at $7,000. He has not trotted for four years, but was going on to the track this Fall.

TEMPERANCE AT VEAZIE. A correspondent from Veazie writes that Mr. Henry Hill, of Bangor, delivered a very interesting lecture at that place, last Friday evening, on the subject of Temperance. He spoke at length on the grandeur of the temperance work, and also referred to the prohibitory law, endeavoring to correct the idea concerning its origin and enforcement. He closed his remarks by entreating his hearers to sign the pledge. A large number responded to the appeal, and among these were some of the foremost citizens of the place.

MILLINERY OPENINGS. For the past few days our ladies have been examining the nobby styles in hats and bonnets at the different millinery openings. Yesterday Misses Kittredge and Seavey, a new firm, displayed their new stock of goods for the first time, which included a fine assortment of millinery and fancy goods and the latest and most desirable styles of trimmed hats and bonnets. Mr. C. W. Coffin also made a fine display of choice millinery and handsomely trimmed hats and bonnets. The ladies were eager to see all of the beautiful things and were present at the above places in large numbers.

CHEESE FACTORY. Our correspondent writes from East Corinth, April 11: At a meeting of our Cheese Factory Association, held to make definite arrangements for this year's business, it was decided to commence making cheese the first Monday in June and continue four months, to pay four-fifths of a cent a pound for milk delivered at the factory during the months of June, July and August, one cent a pound for that delivered during the months of September and October, and to pay every one the full amount for their milk at the end of each month. The association is not at all discouraged at last year's operation, though its loss was considerable on account of the low price of cheese. The stockholders are sanguine of a paying business the coming year, as they mean to profit by last year's lessons.

GOLDEN WEDDING. The fiftieth anniversary of the wedding of Mr. and Mrs. Thomas J. Winchester was celebrated at their home in Holden, Tuesday evening, April 11th. A goodly number of friends gathered at an early hour in the evening and departed at an early one in the morning, having spent the time very pleasantly by singing and listening to short speeches; not, however, until they had eaten of the good things of the Holden housewives' butteries and given to the aged couple as a token of love, a beautiful tea service, on reception of which, our time-honored citizen spoke a few words of advice and sympathy long to be remembered by all who heard them. Messrs. Charles Burr and B. F. Farrington gave some excellent music on the fish-horn. The gathering closed by singing the doxology.

THE NEW BRIDGE. Some time last Fall the City Government appropriated $2,800 for the building of a bridge across the Kenduskeag near Mr. Dudley's house. This was thought advisable, as the Finson, Six Mile Falls and Sherburne school districts might then be consolidated, and larger and better schools might be kept. Another advantage would be that people coming down the Pushaw road and desiring to cross the stream would not be obliged to go up to the Six Mile Falls' bridge, or down to Merrill's bridge. This work has been going on under the supervision of City Engineer Coombs, and the result is a neat and substantial bridge, constructed on the Hog truss principle, with the addition of centre braces and saddles. Its length is 1[illegible] feet, with two spans and a middle pier. Its height is fifteen feet above mean high water. Such economy has been used in the construction that the approaches to the bridge will be filled in, and the whole expense will not exceed the appropriation for the bridge alone. A project is now on foot to extend the Davis road to the Fuller road, and this will complete a direct connection between the up and down river towns. Workmen are now at work on the approaches and are cutting through a high embankment to reach the Pushaw road.

CALAIS NEWS. Our correspondent from Calais writes as follows: The newly elected members of the City Council met and organized on Monday last and after listening to a practical address from Mayor Downes and a report of the School Committee, read by the City Supervisor, W. J. Corthell, they proceeded to the election of city officers with the exception of City Marshal, Tax Collector and Road Commissioner, whose election was postponed for a week. The officers of 1876 have been re-elected thus far. Fred H. Beardman, Esq., was elected a member of the School Committee in place of Dr. C. E. Swan, whose time had expired. The eighteenth clause of Hon. D. K. Chase's will relative to the Chase poor fund, was read, in which the poor in ten years receive the annual interest on some $30,000, to be looked after and expended by the city. Economy has been the watchword in the city expenses this Spring, but W. J. Corthell in his school report, justly deprecates the idea of materially lessening the expense of the schools as it would be derogatory to the well being of the city and the scholars. Although it costs more for schools than in other places as he had understood, he gave as a reason that there was a greater proportionate number of scholars in attendance, which had to be graded and classified. The cost per scholar per year he made about $11.

FRASER'S
Ready for Visitors - Establishment handsomely remodelled and Fitted Up

In another column Fraser, the popular caterer and confectioner, announces the reopening of his establishment on Hammond street, which has been recently closed for the purpose of a thorough remodelling and brushing up for the Centennial season. The premises inside now present a very neat and attractive appearance, a large expense having been incurred in re-frescoing, putting down new floors, painting, decorating, etc. In the outer store a handsome flooring of marble tiles in black and white has been laid, and a new floor of Southern pine in the saloon inside. The entrance to the latter is now formed by a number of arches supported by polished wooden pillars and ornamented with scroll-work giving a very pleasing effect. In addition to the rooms on the ground floor, a large parlor-saloon is handsomely furnished on the floor above, connected with the basement by a dumb-waiter, and affords a very quiet and pleasant resort for ladies and gentlemen desiring refreshments. Fraser has been busily at work himself getting ready a new stock of choice confectionery, cake, etc., and the counters and show-cases present a most tempting array. As a caterer he is unexcelled and we are glad to know that his services are liberally patronized. He makes a specialty of furnishing the nicest oysters and the most delicious ice-cream, and his neat and quiet establishment is held in high esteem by the ladies and children. Fraser is now ready to receive visitors and fill orders. Give him a call.

The sixty days (after the arrival of the logs within the boom) within which an attachment must be made, in order to effectuate a laborer's lien thereon, do not commence to run, as to any of the logs upon which the lien exists, until all the logs subject to the same lien have arrived within the boom, provided the logs have been driven together and the driving has not been suspended after a portion of them have reached the boom, but has been continually kept up till all the logs have been driven in.

Barker & Son. W. S. Clark.

Almon Wing vs. Daniel Wing. On demurrer to plaintiff's declaration and exceptions by plaintiff. "Demurrer sustained, exceptions overruled."

D. F. Davis. Barker & Son.

Rescript.—The words "Almon Wing stole windows from Benjamin Jordan's house," are not of themselves, in their ordinary and popular sense, actionable, as imputing a charge of larceny or an act of malicious mischief upon real estate.

The River Open.

For the past few days it has been expected the ice would leave the river at any moment, as the weather has been quite warm and many channels had formed. On Tuesday the ice left the river and floated down to the narrows, where it remained until half-past 6 o'clock last evening, when it was reported the ice had passed Hampden. The river closed last Fall November 20, and has remained in that condition one hundred and thirty-five days. The City of Richmond is expected here next Saturday.

DR. SCHENCK'S STANDARD REMEDIES.

The standard remedies for all diseases of the lungs are SCHENCK'S PULMONIC SYRUP, SCHENCK'S SEA WEED TONIC, and SCHENCK'S MANDRAKE PILLS, and, if taken before the lungs are destroyed, a speedy cure is effected.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary diseases.

The Pulmonic Syrup ripens the morbid matter in the lungs; nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, the patient has rest and the lungs begin to heal.

To enable the Pulmonic Syrup to do this, Schenck's Mandrake Pills and Schenck's Sea Weed Tonic must be freely used to cleanse the stomach and liver. Schenck's Mandrake Pills act on the liver, removing all obstructions, relax the gall bladder, the bile starts freely, and the liver is soon relieved.

Schenck's Sea Weed Tonic is a gentle stimulant and alterative, the alkali of which it is composed, mixes with the food and prevents souring. It assists the digestion by toning up the stomach to a healthy condition, so that the food and the Pulmonic Syrup will make good blood, then the lungs heal, and the patient will surely get well if care is taken to prevent fresh cold.

All who wish to consult Dr. Schenck, either personally or by letter, can do so at his principal office, corner of SIXTH and ARCH STS., Philadelphia, every Monday.

Schenck's medicines are sold by all druggists throughout the country.

As an alterative tonic, the syrup ought to be used by clergymen, editors, cashiers, clerks, lawyers, and others who use their brains more than their muscles, as well as operatives, printers, tailors, shoemakers, seamstresses, and all those whose occupation confines them in ill-ventilated and over-heated rooms, who are liable to suffer more or less from nervous debility."

Depressing Maladies.

Dyspepsia, constipation and biliousness, as well as disorders of the nervous system and the organs of urination, re-act by sympathy upon the brain, frequently causing a degree of mental depression not remotely akin to insanity. The surest way to banish the "blues" thus produced is to use that unfailing antidote to bodily irregularity and gloominess of mind, Hostetter's Stomach Bitters. A course of the great corrective tonic promptly removes the maladies above specified, as well as many others, and restores the cheerfulness which is such a characteristic attendant of good health.

VEGETINE

Purifies the Blood, Renovates and Invigorates the Whole System.

Its Medicinal Properties are

ALTERATIVE, TONIC, SOLVENT AND DIURETIC.

VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs, and so strongly concentrated that it will effectually eradicate from the system every taint of Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Faintness at the Stomach, and all diseases that arise from impure blood. Sciatica, Inflammatory and Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints, can only be effectually cured through the blood.

For Ulcers and Eruptive Diseases of the Skin, Pustules, Pimples, Blotches, Boils, Tetter, Scaldhead and Ringworm, VEGETINE has never failed to effect a permanent cure.

For Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhœa, arising from internal ulceration, and uterine diseases and General Debility, VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cures ulceration and regulates the bowels.

For Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System, no medicine has ever given such perfect satisfaction as the VEGETINE. It purifies the blood, cleanses all of the organs, and possesses a controlling power over the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries whom we know, to prescribe and use it in their own families.

In fact, VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable BLOOD PURIFIER yet placed before the public.

UNQUALIFIED APPRECIATION.

I can cheerfully recommend it to any one in need of such a medicine.

Ayer's Hair Vigor,

FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.

Advancing years, sickness, care, disappointment, and hereditary predisposition, all turn the hair gray, and either of them incline it to shed prematurely. AYER'S HAIR VIGOR, by long and extensive use, has proven that it stops the falling of the hair immediately, often renews the growth, and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus brashy, weak or sickly hair becomes glossy, pliable and strengthened; lost hair regrows with lively expression; falling hair is checked and stablished; thin hair thickens; and faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a dressing for ladies' hair, the VIGOR is praised for its grateful and agreeable perfume, and valued for the soft lustre and richness of tone it imparts.

C. A. BOUTELLE, Editor.

In issuing the Forty-third annual prospectus of these established newspapers, the Proprietors confidently appeal to the record of nearly half a century as indicating their [illegible] for the future, while they will continue to spare no effort in the direction of maintaining and advancing their high character as

The Leading Journals of Eastern Maine.

Having thoroughly refitted our establishment, we have organized an efficient Editorial, Reportorial and Correspondence corps, and with facilities at our command hope to make our journals still more interesting during the coming year, which will be

CROWDED WITH EVENTS

OF A NATIONAL CHARACTER.

Our connection with the **Associated Press**, from which we receive all the dispatches by night and day, enables us to present in each issue,

The Latest Telegraphic News from All Parts of the World.

In addition we shall be served by Special Correspondents at important points, and shall furnish

Full Reports of
Local, Domestic and Foreign News,
Proceedings of Congress,
Of State Legislature,
Financial and Commercial,
Home Produce Markets,
Editorial Articles, Agricultural News,
Manufacturing Intelligence,
Selected Stories,
Choice Poetry,
Entertaining Miscellany,

And all the important and interesting features which make up a

First Class Family Newspaper.

In politics the papers will continue to advocate and uphold the principles of the Republican party, while claiming to be independent, in the highest and best sense of the word. Fearless and outspoken in the treatment of all public questions and firmly maintaining what they believe to be *right*, they will avoid intolerance and make their appeals to the understanding rather than to prejudice. The year about to open will be fruitful of unusually important political events bearing upon the future of our country, and any [illegible] interest will be excited in the

GREAT PRESIDENTIAL CAMPAIGN

OF THE

Centennial Year.

The celebrations of the Hundredth Anniversary of our National Independence will also be conducted upon a magnificent scale and the public will wish to be kept fully informed of the progress of those great events. It will be our aim to afford our readers the earliest and most reliable information and to favor only such measures and policy as will best promote the welfare of all the people.

HOME INTERESTS

as affected by the development of the resources of Maine, will receive special attention, and whatever is calculated to stimulate or benefit

Agriculture and Manufactures

in the State will be heartily encouraged. We rigidly exclude from our columns everything of an immoral tendency, avoid sensational matter and seek to make a thoroughly reliable paper which will be sure of

A Welcome in Every Family Circle.

To advertisers our columns open one of the best fields in New England, our circulation being the largest of any paper in this section, among the best classes of the people, and as

THE ONLY MORNING DAILY

East of the Kennebec,

our Daily issue affords the principal medium of communication with a large and constantly increasing number of readers throughout Central and Eastern Maine.

OUR WEEKLY

Is also the largest and best Weekly Newspaper in the State. Every number accompanied by a two-page Supplement, making a paper of FORTY-EIGHT columns, or one half larger than any other Weekly. It is a standard publication, with large and constantly increasing circulation among the most intelligent and thrifty of the population of Eastern Maine, and the small space devoted to advertising is eagerly sought by the best class of patrons.

LETTER CARRIERS.

All letters are delivered free by carriers when addressed to street and number. People should inform their correspondents of above and have their letters addressed accordingly.

Persons having their address at the General Delivery can also have their letters sent, but it is much more convenient to have the street and number named, and they will be delivered earlier than if the name is put on at the office. Carriers make two deliveries daily, the first trip supplying the extremes of their routes.

Collections are made morning and evening in season for important mails—the down town boxes at 6½ and the up town boxes thirty minutes before closing of mails at the office.

Holidays the Carrier's Window will be open for delivery of letters from 8½ to 9½ A. M., and from 7½ to 8 P. M. Sundays from 8½ to 9½ A. M.

Any irregularities in the Carriers' department should be reported to the office.

ENVELOPES.

No additional charge will be made for printing the name and request for return, across the end of the upper corner of the envelopes furnished by the Post Office Department, (samples of which may be seen at the Cashier's window,) when ordered in lots of not less than 500.

A request for the return of a letter to the writer, if not claimed within thirty days, or less, written or printed, with the writer's name, post office and State, across the left end of the envelope, on the face side, will be complied with.

☞ The public are earnestly recommended to procure the stamped envelopes with printed return request, as the expense is less, and letters thus endorsed, if not delivered to the person addressed, are returned to the writer free of charge.

Printed request envelopes of above furnished at $2.80 per thousand.

Stamps cut from Stamped Envelopes

cannot be used to prepay postage. The use of such stamps is punishable by a fine of fifty dollars.

Stamped Envelopes, spoiled in directing, are redeemed at this office.

DOMESTIC POSTAGE.

All letters must be Prepaid.—Letters for the Mails in the United States, three cents for half ounce or single rate. City letters, two cents half ounce or single rate.

NEWSPAPERS.

After January 1st, 1876, all regular newspapers must be prepaid at the office of publication, at the rate of two cents per pound, for each issue on weekly papers or those published oftener than once a week, less frequently than once a week, three cents. The same law applies to dealers.

County papers free, except to letter carrier offices, [illegible] only to the office, if published in County, are subject to postage. Daily papers published in County, if delivered by carrier, one cent each, to be prepaid by stamps.

Postage to Canada.—Same as in the States on letters and papers, prepayment compulsory, [illegible] limited to 8 oz., postage 10 cents.

TRANSIENT PRINTED MATTER AND BOOKS AND MERCHANDISE.

One cent an ounce, or fraction, weight limited to four pounds. Liquids, and anything that will injure the mail excluded. All matter of this class must be wrapped, so as to be examined, without destroying the wrapper.

ADVERTISED LETTERS.

All letters remaining in the office are advertised on Monday of each week. If not claimed in one month thereafter, they are then forwarded to Washington.

MONEY ORDERS.

Especial attention is called to the Money Order system, as a safe and cheap method of transmitting small sums through the mails. Orders are issued in sums of not more than fifty dollars. Larger amounts can be transmitted to the same person, at the same time, by additional orders.

On orders not exceeding $10, 10 cents
" over $10 and not exceeding $20, 15 cents

Office Hours—From 8 A. M. to 6 P. M.
